**SETTING UP THE FRAME**

Stand the EZ Travel Cart Frame on the casters, grab two opposing corners and pull in opposite directions until fully expanded.

**NOTE:** The EZ Travel Cart features the exclusive Cross-Bag Support which prolongs the life of both the ball bag by eliminating stress on the top corners and bottom panel, while reducing torque on the cart frame.
INSTALLING THE BALL BAG

Step 1: Place the Ball Bag inside the Cart Frame. The bottom of the Ball Bag will be resting on top of the Cross Bag Support. Slide the fabric corner caps of the Ball Bag over each corner of the Cart Frame.

Step 2: With the Ball Bag sitting inside the Cart Frame, slide the Ball Bag strap behind the Cart Frame leg.

Step 3: Engage the snap on the strap onto the fabric corner cap. Repeat steps 2 & 3 to secure the remaining Ball Bag corners.

REMVOING THE BALL BAG

To remove the Ball Bag, unsnap the straps from the fabric corner caps and pull the straps out from behind the Cart Frame legs. The Bag can now be lifted from the Cart Frame.
